Sub: Streamlining Building Plan Approval & Environmental Clearance Integration of Environmental Clearance (EC) with building sanctioning procedure.Dear, *Shri Jha Sahab,*

Please recollect my earlier DO Letter dtd. 03rd January 2017, on the subject matter. I once again would like to draw your kind attention on major issues which have to be considered on priority under the concept of Ease of Doing Business adopted by Municipal Corporation of Greater Mumbai.

CREDAI-MCHI members are constantly engaging with various agencies of government authorities in State of Maharashtra to get the approvals/permissions for the submitted proposals in stipulated time. However, for some proposals having few obstacles usually faced by our members in line of getting environmental clearance. Currently a huge backlog is pending for approvals and permissions with all four committees appointed by MoEF in Government of Maharashtra.

Therefore, our chamber would like to request that till formulation of new 4 committees, ministry may give the extension to all existing committees for smooth working process to clear the backlog of pending proposals or appoint the new committee at the earliest. Please!

*Best personal regards*Yours *Sincerely*

(S. S. Hussain)
