Dear Sir,

Municipal Corporation of Greater Mumbai is always coming with the new technology in the interest of Citizens of Greater Mumbai that is essential to ease the livability in this grate city as well as to it helps to improve the quality of life.

Development Plan Department of MCGM is one of such departments wherein the introduction of GIS enabled working helped out the Architects/builders to a great extent in terms of accessing spatial as well as non-spatial information. Though the system has innumerable indirect benefits, the most tangible benefit directly related to the citizens as well as members of MCHI community is GIS enabled D.P. Remarks.

Considering such successful implementation of people friendly new technology, MCHI would like to consider this opportunity to share some contribution in this project by way of donating a large format plotter/printer as listed in the accompanied annexure.

MCHI would be thankful if MCGM considers this request and allow MCHI to contribute in this manner.

With respectful regards,
For MCHI-CREDAI
