Dear Member,

As you may be aware that, we have created a Task Owners group, for various subjects being dealt by MCHI-CREDAI. The idea is that the respective task owners take up various issues and policy matters with the concerned authorities, so that we make use of the valuable and varied experience of our Managing Committee Members and the Task Owners to take our matters forward for real effectiveness.

We are sending this list and requesting you, as per your interest and experience, if you want to become part of the set up and want to participate in any deliberation, please send your names and suggestions on respective subject.

Please pass on the issues and your participating interest to the respective staff member mentioned in the list so that it can be taken up further for necessary action.

Thanking you,

Yours truly,  
**For MCHI-CREDAI**
