Dear *Shri Kunte,*

In continuation of my yesterday's note, I am submitting the photographs of some recreation space built and used on podium developed by some of our builders. They can be shown to justify the creation of the recreation space that it need not be on the ground and it beautifully serves the purpose, even if it is elevated above car park podiums. Moreover, these facilities and amenities are not for the public at large but only for the residents residing in the building itself.

For information and use as deemed appropriate.

*Regards and all the Best!*

Yours *Sincerely*  

(S. S. Hussain)
