Supported by Ministry of Finance, Government of India

Transforming MMR into a Global Financial, Commercial & Entertainment Hub

Objective of the conference is to set high aspirations for time bound transformation of Mumbai Metropolitan Region (MMR) and making it a hub for social and economic growth of the Region. The participants will also help guide on concrete action steps to make this transformation happen through joint efforts of GoI, GoM and the private sector.

Details on the sessions

Preeminent leaders from government and industry will together deliberate on options and next steps to enable MMR transformation in 3 sessions focusing on the following themes

Session 1: Revitalizing Existing and New Economic Growth Centers in MMR:

This session will be focused on identifying and enabling the catalytic projects and policies that can make significant socio-economic impact in MMR over the next 2-5 years. Additionally, panel will discuss ideas and suggestions on how to set these catalytic projects to be world class in their design and execution right from the start.

Session 2: Rejuvenating Culture, Heritage & Entertainment- Boosting Tourism-

This session will focus on ideas and initiatives to make Mumbai a tourist and entertainment hub of Asia. The panel members will lay out their vision for the sector, already in place initiatives, iconic ideas and projects for Mumbai inspired from best in the world and policies required to attract investment in this sector in Mumbai.

Session 3: Building MMR into a global financial hub- This session will focus on the core set of actions needed to build and rejuvenate the full potential of the MMR and making it a hub for international financial institutions and services and attracting new investments and jobs. Session will include discussion on a possible approach towards prioritization and regulatory support needed.
