Sub. : Your advise for updating the 2006 Comprehensive Transportation Study

Respected Sir,

With reference to our discussions a few days back, please find attached herewith, 5 copies of the comprehensive map of all current and proposed Infrastructure Developments across MMR prepared by CREDAI-MCHI, for your kind perusal and reference. While we have taken utmost care to cover all proposed developments, there is a possibility that error might have crept in. I would sincerely request you to kindly go through the map and do advise us should there be any discrepancies.

During the call, Sir, you had suggested that in 2006 MMRDA had got a comprehensive Transport Study carried out which has been published. While we are purchasing a couple of copies of the report for our reference and archives, we as CREDAI-MCHI would be very keen in undertaking the task of updating this report as on 2018. While this updated report would help a fresh review of all infrastructure requirements and projects and thereby investments, it would also help in understanding how infrastructure development could help bolster the cause of Affordable Housing in MMR.

If you have a suitable consultant in mind, please do suggest his contact details to us and we as CREDAI-MCHI would be more than happy to engage the expert on a "lumpsum fees" basis to get the transport study updated.

We sincerely look forward to your advice and inputs.

Sincerely yours,
For CREDAI-MCHI
