Ref: MCHI/PRES/22-23/372

Date: 27.12.2022

To
Dr. Iqbal Singh Chahal (I.A.S.),
Municipal Commissioner,
Brihanmumbai Municipal Corporation,
Fort, Mumbai 400 0001

Sub: - Cutting/removal of natural terrain at Mumbai

Respected Sir,

Reference is invited to Minutes of the meeting of the Appellate Committee, Ministry of Civil Aviation held on 9th September 2022, point no 30: Grant of height clearances through small/Large object analysis w.r.t Radar and Shielding Criteria – reg” note.

“Shielding Criteria – The representative of MIAL also pointed out that due to ongoing hill cutting at Mumbai, the natural terrain is getting affected. As applicability of Shielding principle is based on the natural terrain, the calculation of permissible height through the Shielding Criteria are likely to be affected.”

Based on the above observation by MIAL, the Committee in its meeting dated 9th September 2022, decided that a report be submitted by AAI regarding the existing regulations along with recommendations of AAI. During the subsequent meeting held on 25th November 2022, the Committee was informed that a committee was constituted by AAI and AAI’s Recommendation/ Report on has been prepared and put up to Competent Authority for approval.

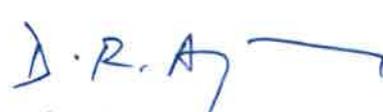

As you are aware, the referred natural terrain in Mumbai i.e. Lal Batti Hill at Powai has always been in existence, and also there is no movement or initiative or proposal, to the best of our knowledge, for cutting hill height for any purpose whatsoever.

In this regard, we request your confirmation/revert on existence of any such proposal under consideration or implementation with MCGM.

Timely revert will assist us in taking up the subject issue with AAI and MIAL accordingly.

Yours faithfully,
For CREDAI-MCHI
