**Subject: Request for Revised Guidelines Regarding Barricades at Construction Sites**

Dear Sir,

We are writing in reference to the guidelines issued by BMC on October 25, 2023 on the guidelines aimed at improving the city's Air Quality Index (AQI). We promptly communicated the outlined guidelines to all our developers, instructing them to ensure compliance by taking specific measures.

However, we feel that in order to arrest/hold the dust within the site 10ft. green cloth over and above existing tin barricades is sufficient. Therefore, we request for revised guidelines permitting 10 ft. green cloth over and above existing barricades. Urgent intervention in this matter will be highly appreciated.

Our members have diligently followed the BMC-provided instructions, taking these guidelines seriously to improve the city's AQI. CREDAI-MCHI reaffirms its unwavering support and commitment to strictly adhere to these guidelines at all construction sites.

We earnestly hope for a positive response and swift action on the above request.

Thank you for your attention to this matter.

Yours sincerely,  
For **CREDAI-MCHI**
