Advisory for Adherence to Air Quality Mitigation Guidelines

Dear Members,

You may be aware that due to the deteriorating air quality in Mumbai, the Brihanmumbai Municipal Corporation (BMC) issued guidelines for construction sites on the 25th of October 2023. In continuation of this circular, Smt. Ashwini Joshi (I.A.S.), Additional Municipal Commissioner, had called for a joint meeting to assess the implementation of these guidelines. We kindly request all members to strictly adhere to the guidelines (attached in the email) and implement them immediately. Smt Joshi has asked CREDAI-MCHI to ensure the following steps in the next 3 days on priority:

- 1) Cover the under constructions buildings with green cloth.
- 2) Washing vehicle tires and covering debris with tarpaulin.
- 3) Regularly sprinkling water across the sites
- 4) Dumping construction debris at BMC designated sites using vehicles with Vehicle Tracking Management system.

Once these measures are implemented, the promoters are required to upload photographs in the Auto DCR system in their respective areas Pollution (Architect Login – Air Pollution Control Application List). Additionally, we request that you share these photographs with us at secretariat@mchi.net on a basis.

The intension of BMC is to curb the Air and not to hamper construction activities. As this being strictly under monitoring of Central Government.

Please be aware that BMC has formed a monitoring squad to oversee progress and implementation. We strongly urge all members to ensure that their construction sites remain clean, and all this site adheres to guidelines dated 25 Oct 2023 issued by the BMC. To avoid any coercive action from BMC.

We look forward to your cooperation.

Warm regards,

Ar. Keval Valambhia
Chief Operations Officer
